Weekly and Bonus exercises

- All exercises are accessible on [code]expert (<https://expert.ethz.ch>).
- You first need to enroll in the class with the link you have received.
- **Weekly exercises:**
 - Purpose: p **Important!**
 - Released: T
 - Deadline: T While solving exercises you can use **only** the constructs that were already introduced in the lecture and are not forbidden by the task description.
 - Allow earning
- **Bonus exercises:** Each week we will publish a summary that lists what concepts were introduced on that week.
 - Purpose: combine knowledge from different topics.
 - Allow earning max +0.25 towards the final grade (with 2/3 of bonus points).

Exercise Sessions

- Purpose: Prepare for solving future and past exercises.
- Approach: mostly interactive classroom activities and constructive discussion.
- We expect that you will:
 - Actively participate in the classroom activities.
 - Ask questions if you do not understand what we are teaching, why we are teaching a particular topic
- Note: Making mistakes is completely normal, we are just learning. Please avoid doing things that may distract others. If a task is too easy, help others.

Study Center

- Purpose: a chance to ask for individual help regarding the course.
- Time: Friday 14:15-16:00, starting from October 1st
- Place: Zoom (link on the course website)

Self Assessments

- Self Assessments are short, exam-like questionnaires.
- Purpose is two-fold:
 1. get familiar with the exam format;
 2. a change to get to know what you do not understand.
- When: four/five times during the exercise sessions or as homework.
